# AN EROTIC AND HORRIFYING ANTHOLOGY FILM. JOURNEY INTO THE MIND OF THE UNDEAD.

Journey into the mind of the undead as a talking mummy guides us on grand tour of the timeless "battle of the sexes" between man and woman. A cult classic from Executive Producer Richard Gordon (FIEND WITHOUT A FACE, ISLAND OF TERROR), SECRETS OF SEX is an offbeat anthology film that certainly defies description. An interesting mix of sex, horror and humor filmed in varied styles, this is certainly one of the strangest films you are ever likely to see. It is truly bizarre! Includes deleted footage never before seen in the U.S.
